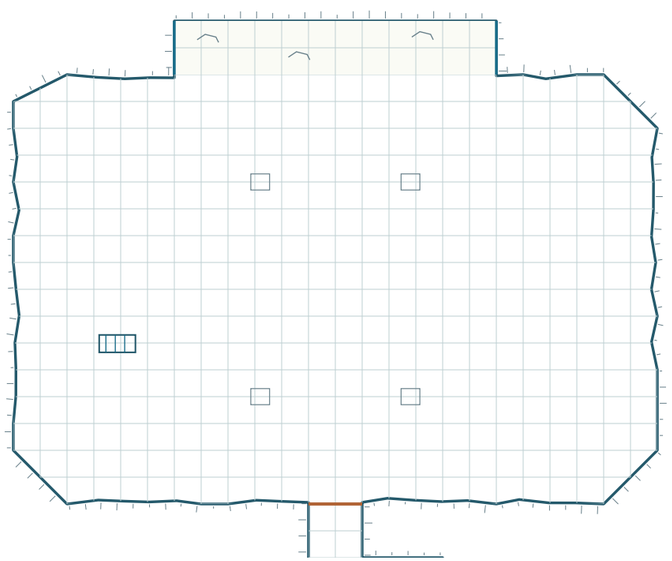
Q1 / ENTRANCE STATES

The whole hall changes state. Its southern passage and connection to area 2 remain fixed.

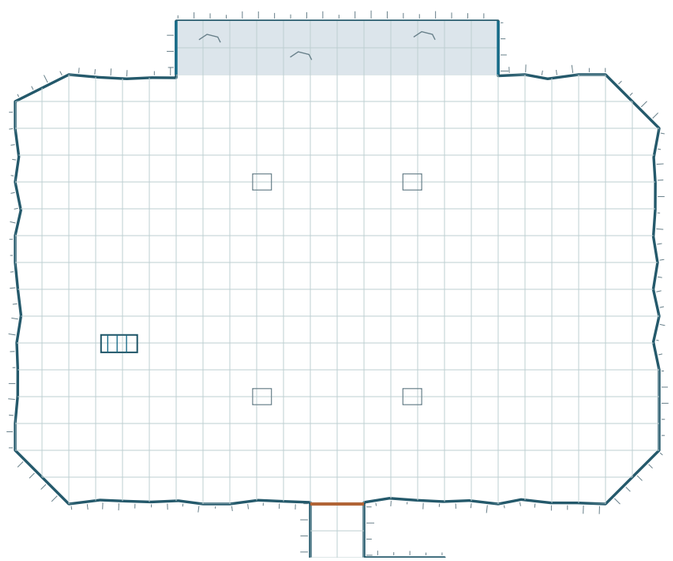
BRIGHT-SIDE



A / same southern passage

Daylight / empty berth at home

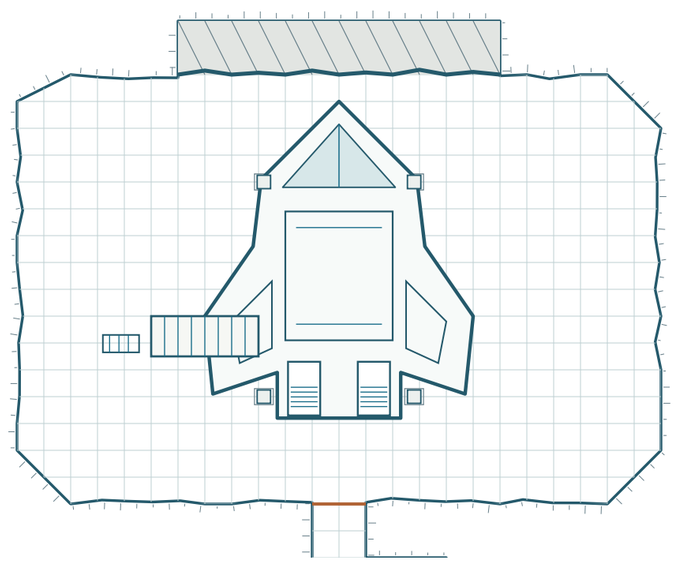
DARK-SIDE



A / same southern passage

Night / empty berth at home

UNDERGROUND



A / same southern passage

Rock closure / ship at home

FIXED TWO-BEND PASSAGE

Leads to area 2 / Nest Junction in every state

Cycle: Bright-Side > Dark-Side > Underground > Bright-Side.

The matching Q1 mouth inserts use identical jigsaw outlines in all three states.

Keep the four hall sections in place; exchange the single mouth insert and move the ship overlay.

Escape: keep observing the ship, release Q1, then move Underground > Bright-Side.
