

M-SERIES PRESSURE SUIT

ITEM 0

COMFORT FLEXIBLE TECH ERBIUM LEASED

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONFED-M0/SUIT
LEASED**Base Item** Estex Suit (Player Core 248)**Armor** +1 AC**Check** -1**Bulk** L**Dex Cap** +3**Speed** —**Upgrades** 1

Reinforced pressure-work suit with polycarbon plates, sealed helmet, work light, webbing, and integrated comms.

ENVIRONMENTAL PROTECTION

Interact to activate or deactivate. While active, you can breathe and survive in thick or thin atmosphere, vacuum, or non-hazardous liquid for 1 day. Recharge the duration in 10 minutes at a functioning starship or environmental station.

This protection does not cover radiation, smoke, inhaled poison, toxic or corrosive atmospheres, acid, or lava.

NS-1 NULL-SPACE UTILITY MODULE

ITEM 1

EXTRADIMENSIONAL MAGICAL TECH ERBIUM

LEASED HOMEBREW

ERBIUM INDUSTRIES
LLC
FRONTIER EXTRACTION
DIVISION

FED-NS1

SUIT-MOUNTED • LEASED

Base Item Null Space Chamber (Player Core 284)**Item Level** 1**Capacity** 8 Bulk**Usage** worn; mounted to M-Series suit**Bulk** —

A compact null-space chamber fixed to the suit's rear utility frame. An Interact action stows an item through the portal or retrieves one.

Stored items don't count against your carried Bulk and provide no benefits until retrieved. The chamber opens only from outside.

Open it in breathable atmosphere to replenish its internal air. A connected computer can display a stored-item inventory.

FED ISSUE: This module doesn't use an armor upgrade slot. It is assigned with the suit and remains Erbium property.

FED-12 SURVEY CARBINE

ITEM 0

TECH ERBIUM LEASED

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONFED-12/CARB
LEASED**Base Item** Laser Rifle (Player Core 266)**Damage** 1d8 fire**Range** 100 ft.**Hands** 2**Bulk** 2**Magazine** 10 charges**Expend** 2

Standard FED field rifle: gray polymer shell, fixed sling, and sealed Erbium targeting module.

MAGAZINE • mark 2/use

Includes an SDI-68 Selective Discharge Interlock.

SDI-68 INTERLOCK

UPGRADE 0

TECH ERBIUM HOMEBREW

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONEI-SDI/68
MANDATORY**Usage** Installed in Erbium-issued weapon**Upgrade Slots** 0

The weapon checks prospective targets against authenticated Erbium personnel credentials. You cannot Strike a creature the system recognizes as protected personnel.

An area attack that would include protected personnel is also inhibited. Validation occurs before the action is spent.

FAILURE & TAMPER

Missing, damaged, disabled, or spoofed credentials can defeat recognition. Bypassing the interlock takes 10 minutes and a successful DC 17 Computers or Crafting check; a critical failure makes the weapon glitching 1.

Connecting a modified weapon to an Erbium service terminal can flag the tamper event and reinstall the lock.

EC-4 EXTRACTION CUTTER

ITEM 0

POWERED PROFESSIONAL (CRAFTING) RAZING TECH

UNWIELDY ERBIUM HOMEBREW

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONEC-4/CUT
LEASED**Damage** 1d6 fire**Hands** 1**Category** Simple**Group** Plasma

Guarded thermal cutter for ore, stone, ice, hull plating, and structural work. It functions as a Crafting toolkit through the professional trait.

EXTRACT SAMPLE

Spend 10 minutes cutting an accessible unattended sample. For this exploration work only, reduce the material's Hardness by 5. This reduction does not apply to Strikes.

Erbium-issued cutters use an SDI-68 interlock while powered.

PES-DR4 RELAY CACHE

ITEM 2

TECH ERBIUM LEASED HOMEBREW

ERBIUM INDUSTRIES
LLC
FRONTIER EXTRACTION
DIVISIONPES-DR4
PERSONNEL RECORDER**Base Item** Datapad (Player Core 240)**Nickname** Ghost Box

LAST VALID STAMP

LOCAL DRIFT

Before leaving relay coverage, the cache stores the last authenticated PES stamp and begins a locally signed record.

Automatic Logs duty time, pressure alarms, weapon discharges, sample events, assigned tasks, available position data

RECONCILE

When a recognized relay returns, the cache compares its clock to stamp authority, marks ghost minutes, and uploads the backlog. Tamper events remain in the audit trail.

FED COMM UNIT

ITEM 1

TECH ERBIUM LEASED

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONFED-COMM/1
LEASED**Base Item** Comm Unit (Player Core 239)**Range** Planetary**Hands** 1

Provides instantaneous audio and text communication with compatible comm units, plus calculator, flashlight, local infosphere browser, and basic entertainment.

When integrated into Tech armor, audio communication is voice-operated. Typing, browsing, and apps still require a hand.

Planetary comm range does not provide intersystem relay service.

FED SURVIVAL ROLL

ITEM 0

ERBIUM LEASED

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONFED-SURV/7
LEASED**Base Item** Camping Kit (Player Core 239)**Bulk** 2**Hands** 2

Roll-top field bundle with compact shelter, bedroll, fire igniter, survival knife, seven ration packs, hydration salts, pressure patches, suit tape, light tether, and collapsible ore sacks.

Ration days

Ancestry-specific substitutions are issued when approved and available.

SAMPLE & CLAIM KIT

ITEM 0

TECH ERBIUM HOMEBREW

ERBIUM INDUSTRIES LLC
FRONTIER EXTRACTION DIVISIONFED-SAMP/6
LEASED

Contents 6 serialized canisters, tamper strips, sleeves, tags, marker, ore bags

Sealed canisters

Seal Sample Place an accessible sample in a canister and close the tamper strip. If paired to a Ghost Box, record canister ID, local time, wearer ID, and available position data.

Opening the canister permanently changes its tamper strip and records another event while a paired Ghost Box is in local range.

M-68 ASSAY WAND

ITEM 1

TECH ERBIUM LEASED HOMEBREW

ERBIUM INDUSTRIES LLC
 FRONTIER EXTRACTION DIVISION
 M-68/ASSAY
CREW SHARED

Hands 1

Bulk L

Rugged geological scanner for exposed material or extracted samples.

ANALYZE SAMPLE

After 1 minute, gain a +1 circumstance bonus to Crafting, Nature, or appropriate Lore to identify mineral composition or obvious contaminants.

If erbium is present, the wand reports a broad concentration band: trace, low, workable, or high. It cannot determine the total volume of a buried deposit.

FED EMERGENCY BEACON

ITEM 1

TECH ERBIUM LEASED

ERBIUM INDUSTRIES LLC
 FRONTIER EXTRACTION DIVISION
 FED-BEAC/1
CREW SHARED

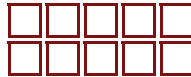

Base Item Emergency Beacon (Player Core 240)

Battery 10 charges Use 1 charge/day

Range 100 mi. flat • 50 mi. forest/hills • 25 mi. mountains/underwater

Broadcasts its location and flashes red. A receiver can trace the signal with a successful DC 15 Computers or Survival check.

BATTERY • mark 1/use

Installed in a vehicle or starship, use that communications range and expend 1 charge/hour. A beacon does not create relay coverage.

FED REPAIR TOOLKIT

ITEM 0

ERBIUM LEASED

ERBIUM INDUSTRIES LLC
 FRONTIER EXTRACTION DIVISION
 FED-RPR/0
CREW SHARED

Base Item Commercial Repair Toolkit (Player Core 241)

Hands 2

Bulk 1

Delicate tools, diagnostic probes, sealants, fasteners, soldering equipment, and general repair supplies. Use it to Repair items with Crafting.

A worn toolkit can be drawn and replaced as part of the action that uses it.

FED MEDKIT

ITEM 1

ERBIUM LEASED

ERBIUM INDUSTRIES LLC
 FRONTIER EXTRACTION DIVISION
 FED-MED/1
CREW SHARED

Base Item Commercial Medkit (Player Core 241)

Hands 1 or 2

Bulk 1

Contains analgesics, sterile gauze, bandages, suturing tools, injectors, and diagnostic supplies.

Provides the tools required for Medicine checks to Administer First Aid, Treat Disease, Treat Poison, or Treat Wounds.

ISSUE BASIS: one commercial medkit per standard field crew.

CABLE & ANCHOR KIT

ITEM 0

ERBIUM LEASED

ERBIUM INDUSTRIES LLC
 FRONTIER EXTRACTION DIVISION
 FED-RIG/50
CREW SHARED

Base Item Commercial Climbing Kit (Player Core 239)

Bulk 1

Hands 2

Includes 50 feet of industrial cable, grappling hook, harness, pulleys, pitons, hammer, and crampons.

While secured, climb at half normal rate (minimum 5 feet). On a critical failure to Climb, attempt a DC 5 flat check to prevent the fall.

One kit supplies one climber at a time.

LEASE: Leased equipment remains Erbium property. Unauthorized modification, avoidable loss, or unreturned assets may be charged to the employee account. File condition disputes before leaving relay coverage.

FED TRAITS I

REFERENCE

Source Player Core pp. 246, 456

Comfort This armor is so comfortable that you can rest normally while wearing it.

Flexible The armor is flexible enough that it doesn't hinder most actions. You don't apply its check penalty to Acrobatics or Athletics checks.

Tech Equipment with the tech trait rely on electricity and may gain the glitching condition. Some creatures and hazards also have the tech trait, such as artificial intelligence, robots, and turrets.

FED TRAITS II

REFERENCE

Source Player Core p. 257

Powered This melee weapon uses a battery. You can activate or deactivate a powered weapon with an Interact action or as part of drawing or stowing it. This weapon comes with a commercial battery installed and uses 1 charge per day (rather than 1 charge per attack). If you try to attack with a powered weapon that's out of charges or deactivated, it functions as an improvised weapon. A modular (powered) weapon activates or deactivates when it switches between its modular configurations.

Professional A weapon with this trait can be used as a toolkit for the listed skill. Add the weapon's item bonus to attack rolls as an item bonus to skill checks using the listed skill. For purposes of proficiency, you treat this martial weapon as a simple weapon or this advanced weapon as a martial weapon, up to your proficiency with the listed skill (if higher than your normal proficiency for this weapon).

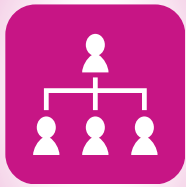

FED TRAITS III

REFERENCE

Source Player Core p. 259

Razing This weapon is particularly good at damaging objects, structures, and vehicles. Whenever you deal damage to an object (including shields and animated objects), structure, or vehicle with a razing weapon, the object takes an amount of additional damage equal to double the number of weapon damage dice.

Unwieldy You can't use an unwieldy weapon more than once per round to Strike and can't use it to Strike as part of a reaction, such as Reactive Strike.

FED TRAITS IV

REFERENCE

Source Player Core pp. 446, 450

Extradimensional An effect or item with this trait creates an extradimensional space. An extradimensional effect placed inside another extradimensional space ceases to function until it's removed.

Magical Something with the magical trait is imbued with magical energies not tied to a specific tradition of magic. Some items or effects are closely tied to a particular tradition of magic. In these cases, the item has the arcane, divine, occult, or primal trait instead of the magical trait. Any of these traits indicate that the item is magical.

FED CAMPAIGN TRAITS

REFERENCE

Campaign-specific traits used by the Erbium Industries FED package.

Erbium This item is manufactured, issued, modified, or administratively controlled by Erbium Industries LLC. Other Erbium rules can identify or interact with equipment bearing this trait.

Leased This item remains property of Erbium Industries LLC while assigned to an employee. Loss, avoidable damage, unauthorized modification, or failure to return it can create an employee-account liability when the campaign rules make that relevant.

Homebrew This rules element was created for the Erbium Industries campaign and is not part of published Starfinder Second Edition rules.
