Bon Mot

Auditory | Concentrate | Emotion | General | Linguistic | Mental | Skill

You launch an insightful quip at a foe, distracting them. **Choose a foe within 30 feet** and roll a **Diplomacy** check against the **target's Will DC**.

Critical Success The target takes a **–3 status penalty** to **Perception** and **Will saves** for 1 minute. The target can end the effect early with a retort to your Bon Mot. This can either be a single action that has the concentrate trait or an appropriate skill action to frame their retort. The GM determines which skill actions qualify.

Success As critical success, but the penalty is –2.

Critical Failure Your quip is atrocious. You take the same penalty an enemy would take had you succeeded. This ends after 1 minute or if you issue another Bon Mot and succeed.

Linguistic, Mental, and Emotional traits dictate who this can effect.

Parted the Fabric

Contact with the anomaly has changed you. With practice, you can reproduce a small part of what happened there.

You gain this bonus heritage in addition to your existing heritage and gain the **Parted the Fabric** trait.

Parted the Fabric

Contact with the anomaly has changed you. With practice, you can reproduce a small part of what happened there.

You gain this bonus heritage in addition to your existing heritage and gain the **Parted the Fabric** trait.

You gain this bonus heritage in addition to your existing heritage and gain the **Parted the Fabric** trait.

Fold the Fabric — Feat 1

Parted the Fabric

Frequency Once per day

You reproduce the anomaly's distortion, bending light across a thin fold in space.

Create an **intangible barrier of shimmering light within 30 feet**. It is straight and vertical, up to **10 feet long and 10 feet high**, and lasts for **5 rounds**.

The barrier grants **concealment** to creatures targeted through it. **You ignore any concealment granted by this barrier.**

It sheds **bright light for 10 feet on each side** and **dim light for the next 10 feet**.

Reminder: Concealment requires a **DC 5 flat check** to target the concealed creature; failure wastes the effect against it. Area effects bypass this check.

Living Conduit — Feat 1

Concentrate | Parted the Fabric

Electrical charge builds in your body. You can discharge it into creatures or feed it into equipment.

You can cast **electric arc** as a **divine innate cantrip at will**. Its rank equals **half your level, rounded up**. See the Electric Arc card for its 2-action casting and damage.

When you cast it, you can also target **batteries or tech items powered by batteries**, in any combination with its normal targets. The spell still has a total of **1 or 2 targets within 30 feet**.

A targeted battery or battery-powered tech item takes **no damage** and instead regains **2 charges per spell rank**.

If a tech item needs a battery but has none, treat it as having a battery with **2 charges per spell rank for 1 minute**.

Innate spellcasting attribute: Charisma. Only the temporary battery effect has the 1-minute duration.

Resonant Mind — Feat 1

Parted the Fabric

You can form words in your mind and transmit them to certain artificial and anomalous beings.

You can **communicate mentally** with **intelligent constructs with the tech trait** and with **anomaly beings** within **30 feet**.

A tech creature you have bonded with, that would otherwise be ineligible, counts as intelligent for this feat, as determined by the GM.

You do **not need to share a language** with an eligible creature to communicate in this way.

This grants **no special access to its thoughts** and communicates **no more information than normal speech**.

Anomaly beings: A specific category of anomalous creatures designated by the GM.

Electric Arc — Cantrip 1

Cantrip | Concentrate | Electricity | Manipulate

Actions 2
Casting Divine innate; at will through Living Conduit
Range 30 feet
Targets 1 or 2 creatures
Defense Basic Reflex against your spell DC

An arc of lightning leaps between your targets. Each takes **2d4 electricity damage**, with a **basic Reflex save**.

Critical Success: No damage. **Success:** Half damage. **Failure:** Full damage. **Critical Failure:** Double damage.

Heightened (+1): Damage increases by **1d4**. Your cantrip rank is **half your level, rounded up**.

Levels 1–2: Rank 1, 2d4 damage. **Levels 3–4:** Rank 2, 3d4 damage.

Living Conduit: You may replace either or both creature targets with eligible batteries or tech items; apply the charging effect on that feat card instead of damage.

Use **Charisma** for this innate spell. Spell DC = **10 + proficiency bonus + Charisma modifier**, adjusted by applicable bonuses and penalties.
