Electrovore Pawns 1 4

Print at 100% / Actual size. Pawn bases: 1 inch. Vents: 2 x 1 inches.

Score four dashed lines across each body strip before folding.

Wrap the two panels around a board core; glue both sides to the core.

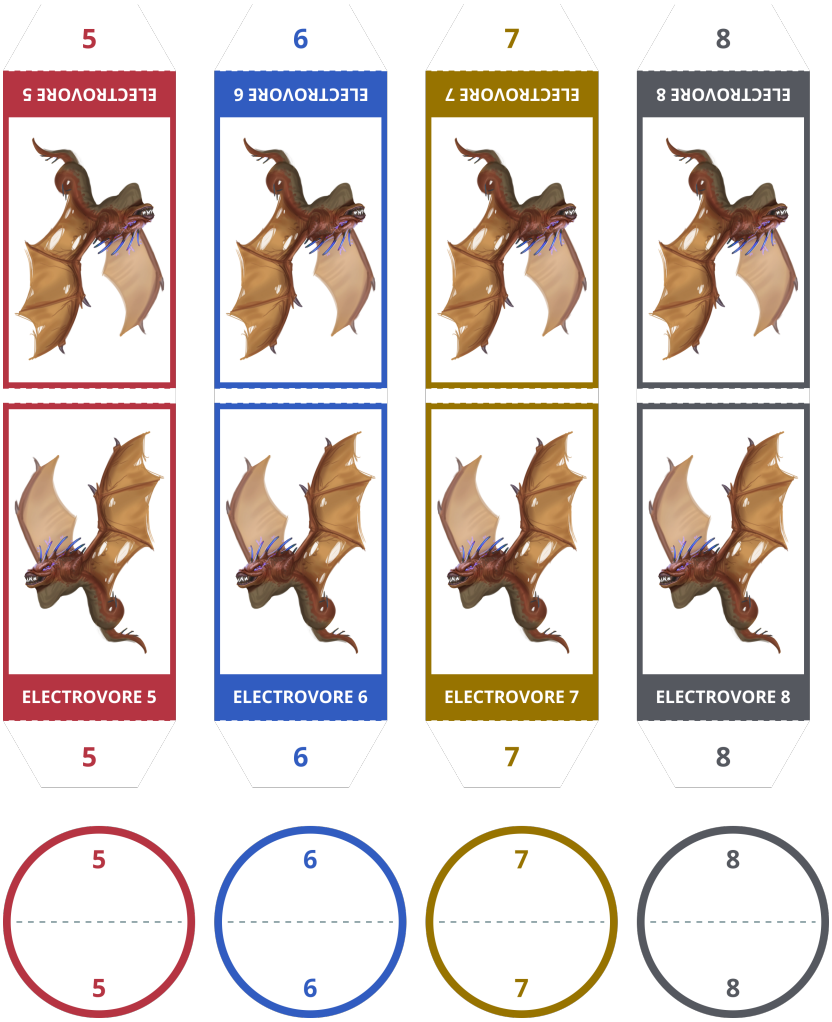

Fold the two bottom feet outward, then glue them to the matching base.

Electrovore height: 1.65 in. Stone height: 1.2 in.

Measure this square: exactly 1 inch.

Electrovore Pawns 5 8

Print at 100% / Actual size. Pawn bases: 1 inch. Vents: 2 x 1 inches.

Score four dashed lines across each body strip before folding.

Wrap the two panels around a board core; glue both sides to the core.

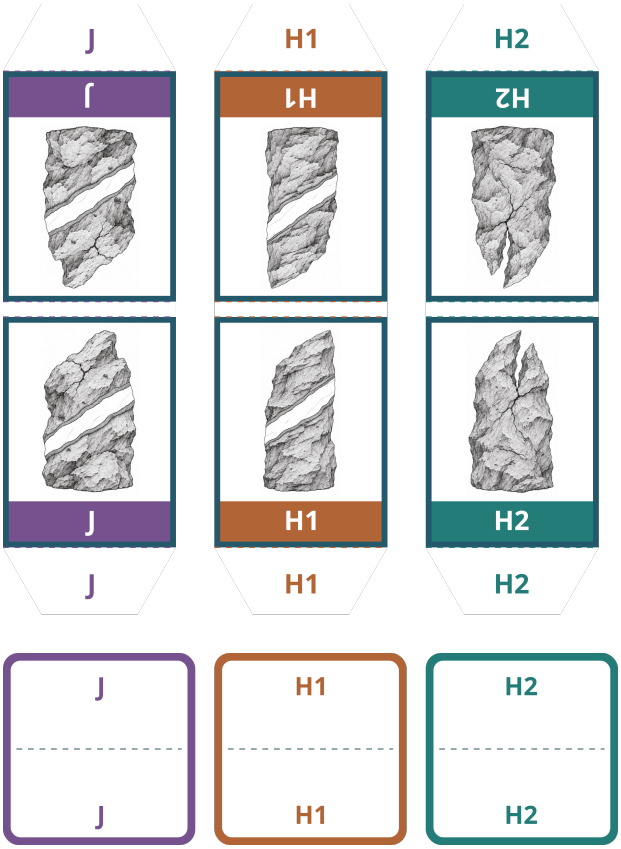

Fold the two bottom feet outward, then glue them to the matching base.

Electrovore height: 1.65 in. Stone height: 1.2 in.

Measure this square: exactly 1 inch.

Quantum Stone Pawns

Print at 100% / Actual size. Pawn bases: 1 inch. Vents: 2 x 1 inches.

Score four dashed lines across each body strip before folding.

Wrap the two panels around a board core; glue both sides to the core.

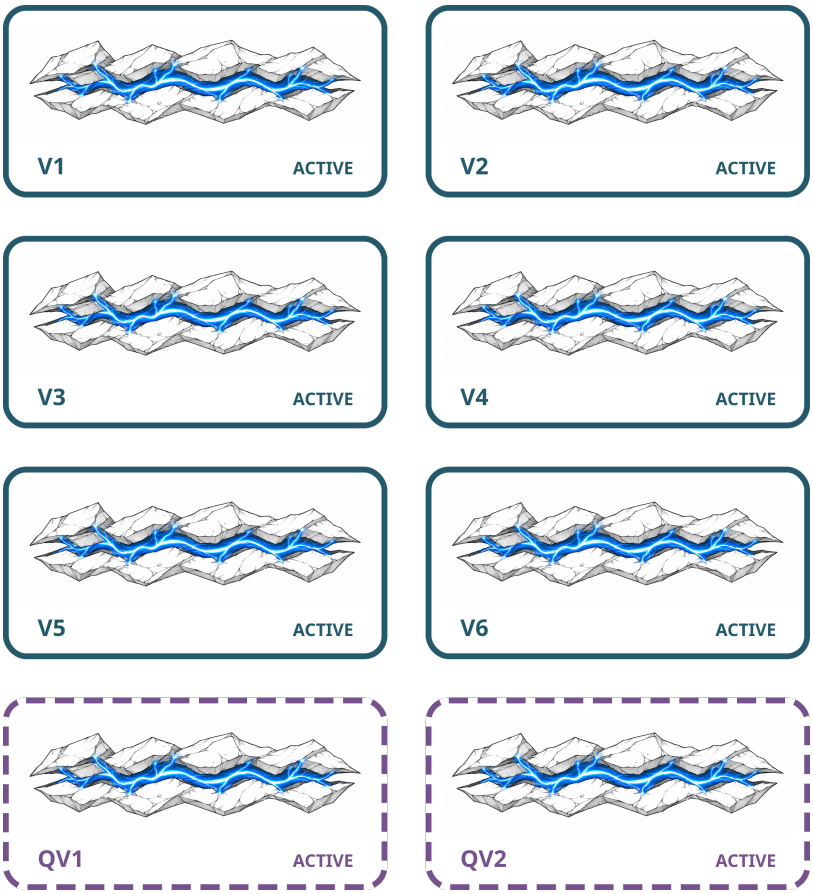

Fold the two bottom feet outward, then glue them to the matching base.

Electrovore height: 1.65 in. Stone height: 1.2 in.

Measure this square: exactly 1 inch.

Chuckle Vents: Active

Print at 100% / Actual size. Pawn bases: 1 inch. Vents: 2 x 1 inches.

Cut eight 2 x 1 inch backings; glue matching active/spent faces to each.

V1-V6 are ordinary vents. QV1-QV2 have broken purple borders.

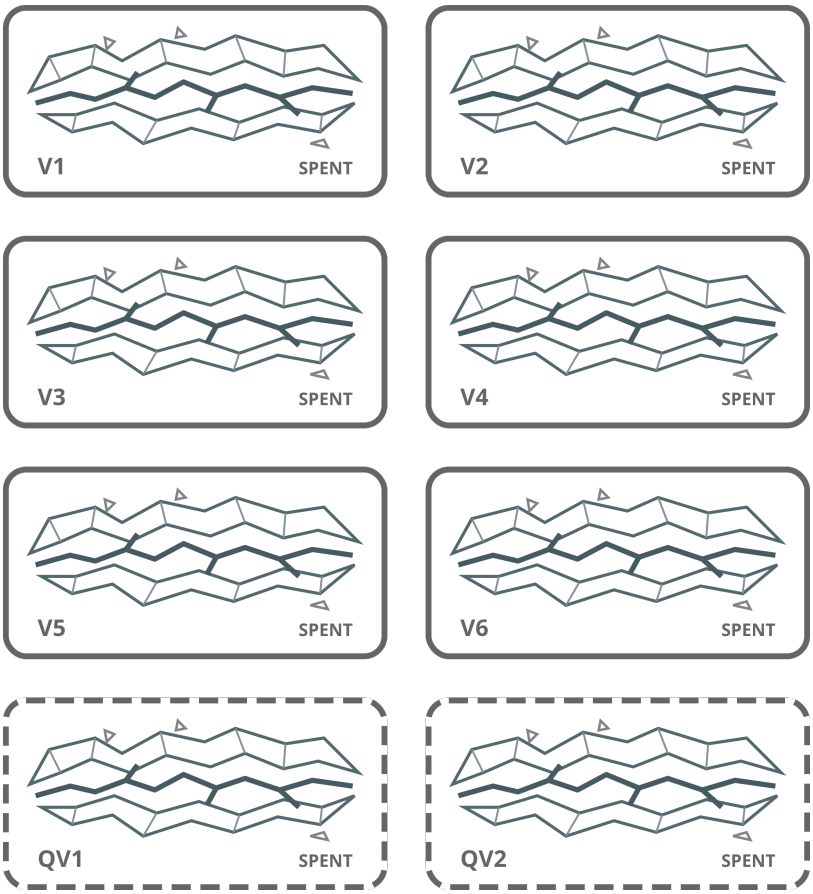

Flip a vent to its spent face after eruption; reset after 10 minutes.

Place or remove QV1/QV2 when you want a vent to appear or disappear.

Measure this square: exactly 1 inch.

Chuckle Vents: Spent

Print at 100% / Actual size. Pawn bases: 1 inch. Vents: 2 x 1 inches.

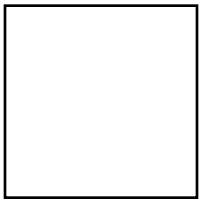

Cut eight 2 x 1 inch backings; glue matching active/spent faces to each.

V1-V6 are ordinary vents. QV1-QV2 have broken purple borders.

Flip a vent to its spent face after eruption; reset after 10 minutes.

Place or remove QV1/QV2 when you want a vent to appear or disappear.

Measure this square: exactly 1 inch.
